Carolyn L. Greene
Associate

Ms. Greene received a B.S. in Biology from The George Washington University and a M.S. in Physiology and Biophysics from Georgetown University. After graduation she worked at the National Institutes of Health and in private industry. Ms. Greene received a J.D. from The George Washington University School of Law in 2007. Ms. Greene was admitted to practice before the United States Patent and Trademark Office in 2005.

Ms. Greene's technical expertise includes molecular biology, neuroscience, immunology, cell biology, physiology, microbiology, biochemistry and pharmacology. Prior to attending law school, Ms. Greene performed research on central nervous system development. Some of this research was performed in conjunction with bioinformatics modeling. In addition, she performed research on central nervous system injury and regeneration, as well as degenerative diseases of the central nervous system, including multiple sclerosis, Down's syndrome and Alzheimer's disease. She is the author of multiple scientific publications reporting this work. While working in private industry, Ms. Greene performed research on multiple proprietary compounds with activities ranging from drug discovery and R&D to United States Food and Drug Administration regulatory submissions. She also worked extensively with transgenic animals.

While attending law school, Ms. Greene was a law clerk at Rothwell, Figg, Ernst & Manbeck, P.C. where she worked on patent litigation matters, particularly Hatch-Waxman litigation, U.S. patent prosecution and opinion work.

Areas of Concentration:

- Litigation
 - Hatch-Waxman
- Patent Prosecution
 - Biomedical
 - Biotechnology
 - Chemical
 - Pharmaceutical

Education:

- B.S. Biology from The George Washington University – 1995
- M.S. Physiology and Biophysics from Georgetown University – 1996
- J.D. from The George Washington University – 2007

Bar Admissions:

- U.S. Patent and Trademark Office
