George R. Repper Member

Mr. Repper was born in Topeka, Kansas, in 1954 and is admitted to the bar in New York and the District of Columbia. He is also admitted to practice before the Court of Appeals for the Federal Circuit and is registered to the practice before the U.S. Patent and Trademark Office.

He received a Bachelor of Science degree, cum laude, from the State University of New York at Albany in 1977 and Juris Doctor degree from Albany Law School of Union University in 1981. He is a member of the American Bar Association, the International Association for the Protection of Industrial Property, the International Federation of Industrial Property Attorneys, the Intellectual Property Owners Association, the International Intellectual Property Association, the American Intellectual Property Law Association and the International Trademark Association.

Mr. Repper's technical background includes experience in the fields of organic and inorganic chemistry, therapeutic and diagnostic pharmaceuticals, nuclear medicine, biotechnology including genetic engineering, recombinant DNA technology, peptide and protein engineering, monoclonal and polyclonal antibodies, fermentation, plant and animal growth promoting agents, chelating agents, imaging, medical devices and equipment, surgical tools, implants, prosthetic devices, polymer chemistry and polymer product manufacturing including extrusion technology, fibers, injection molding, blow molding, thin film and sheet handling, petrochemicals, contaminant reclamation and containment technology, food science, particles, fluid dynamics, radiation technology, aerodynamics, aircraft and satellite technology, laser technology, fiber optics, optical scanning devices, automotive technology, machine tool technology, bulk materials handling and control, energy exchange technology, audio, video and computer technology.

Mr. Repper provides counseling on patent, trademark and other intellectual property matters and has experience with acquisitions, licensing and contractual agreements in these areas. He has lectured in the field and has extensive experience in analyzing patent infringement and validity issues, market clearance of products, preparing patent applications and handling all aspects of U.S. and foreign patent prosecution from inception through appeal.
