Partner Jennifer Maisel will be monitoring an American Bar Association (ABA) *In The Know* webinar on Thursday, November 21, 2020, from 1 pm - 2:30 pm ET, titled "The Future of International Data Transfers After Schrems II."

The Court of Justice of the European Union, in Schrems II, recently annulled the Privacy Shield Decision (which had sanctioned EU - US data transfers) on the basis that US law does not provide adequate protection to EU data subjects. This webinar will explore the impact of the Schrems II decision on transatlantic data transfers, including the status of standard contractual clauses and binding corporate rules as a means of transfer, updates from the US and EU authorities on a possible path forward, and developments in, and consequences for, other jurisdictions. The webinar will help you to identify key issues, and provide practical guidance to formulate compliance and risk assessment strategies.
