

## Dan Shores at Lipid Nanoparticles Development Europe Summit

Speaking Engagement  
London, UK  
10.19.22

### Key Contact

Daniel L. Shores

Partner Dan Shores will speak on "Navigating the IP Landscape for LNP Delivery Technology" at the Lipid Nanoparticles Development Europe Summit taking place October 19-20, 2022, in London. Dan's session, which he will present virtually, will be held at 11:45 am on the first day of the conference, October 19.

Building on the success of the inaugural US meeting, the LNP Development Summit Europe will gather 80+ senior leaders dedicated to advancing LNPs across formulation, particle engineering, and process development disciplines to share their strategies and lessons learned. Dan's session will survey the current IP and competitive landscape for LNP delivery technology; consider approaches for licensing and strategic collaborations; and review IP protection strategies for new innovations.
