Partner Jennifer Maisel will participate in a Frederick Innovative Technology Center, Inc. (FITCI) webinar titled "Bootstrapping Legal, IT, and Insurance Compliance" on Wednesday, November 16, from 11:30 am - 12:30 pm EST.

Joined by panelists from EHD Insurance and Advantage Technology, the panel will discuss the current challenges, tips, and tricks seen with FITCI start up clients as it comes to:

- Legal issues like contractual obligations with research institutions and clients, privacy law, IP/Patent protection/litigation;
- Risk Management issues like procuring business insurance, Director's & Officer's Liability, Clinical Trial Product Liability, cyber liability, how to hire a good agent, and what a certificate of insurance is; and
- IT solutions, which matter the most, which don't, which to prioritize, how to secure e-mail, PHI/PII/PFI, and how cyber insurance underwriters view your IT controls.

The webinar is for FITCI members.
