Benchmark Litigation, the only publication on the market to focus exclusively on litigation work, provides rankings of leading law firm and lawyers based on extensive interviews with litigators, dispute resolution specialists, and their clients. During the interviews, they examine recent casework handled by law firms and ask individual litigators to provide their professional opinions on peers and practitioners within their jurisdiction or practice area. Analysis of the market's most important cases and firm developments are also factors in the rankings. Since its inception, the Benchmark brand has grown dramatically and garnered industry-wide accolades as the definitive hub for in-depth analysis of the players shaping the dynamic practice of litigation.
