In its twelfth edition, the IAM Patent 1000 rankings shine a spotlight on the firms and individuals deemed outstanding in the pivotal practice area of patents. The guide is assembled following an extensive research process that entails reading through detailed firm submissions and conducting interviews with both in-house and private practice attorneys. Individuals qualify for a listing in the IAM Patent 1000 when they receive sufficient positive feedback from peers and clients with knowledge of their practice and the market within which they operate. Firms qualify for a listing on the basis of their depth of expertise, market presence, and the level of work on which they are typically engaged.
