

Partner R. Danny Huntington Named One of World's Leading IP Strategists by IAM Strategy 300

Accolades & Honors
6.20.19

Partner R. Danny Huntington has been named for the seventh consecutive year among the world's pre-eminent IP strategists in the latest edition of *IAM Strategy 300 - The World's Leading IP Strategists*. The guide lists the individuals that have shown to possess world-class skills in the development and roll-out of strategies that maximize the value of patents, copyrights, trademarks, and other IP rights.

Danny is involved in all phases of intellectual property law, including U.S. and foreign patent prosecution, litigation in the federal courts, licensing, and general client counseling. He has extensive experience with patent interferences and *inter partes* proceedings at the Patent Office, with particular expertise in biotechnology and pharmaceuticals.

The IAM research team spoke to a wide range of senior corporate IP managers in North America, Europe, and Asia, as well as third-party IP service providers, in order to identify these IP leaders: men and women whose business is the creation, development and deployment of strategies that enable IP owners to gain maximum value from their portfolios. Only those individuals nominated multiple times by different parties as outstanding IP strategists are listed in the 2018 edition of IAM Strategy 300.
