R. Danny Huntington

Partner R. Danny Huntington has been named one of the world's pre-eminent IP strategists in the IAM Strategy 300. The unique guide lists the individuals that in-depth research, undertaken by a team based in London, Washington, D.C., and Hong Kong, has shown possess world-class skills in the development and roll-out of strategies that maximize the value of patents, copyright, trademarks, and other IP rights.

Danny is involved in all phases of intellectual property law, including United States and foreign patent prosecution; litigation in the federal and state courts; licensing; and general client counseling. He has extensive patent interference experience, with particular experience in biotechnology and pharmaceuticals.

The IAM research team spoke to a wide range of senior corporate IP managers in North America, Europe, and Asia, as well as third-party IP service providers, in order to identify these IP leaders: men and women whose business is the creation, development and deployment of strategies that enable IP owners to gain maximum value from their portfolios. Only those individuals nominated multiple times by different parties as outstanding IP strategists are listed in the IAM Strategy 300.
